We realize that choosing a venue in Chicago for a pharmaceutical dinner program is only a small part of your job. We can make your job easier! Being familiar with the pharmaceutical and medical guidelines, we are able to provide a wonderful dinner during your speaker program to fit any budget. For most group sizes, U-shape or crescent round seating is available to ensure your attendees are facing the presentation. We can rent any audio/visual equipment for your program as well, or you are welcome to use your own vendor. We don't want you to have to worry about delivery or set up. You can count on us!

This package is based designed to work with some of the changing industry standards. However, I would be more than happy to customize a menu for you or you can work with our group dinner menu! We appreciate the opportunity to present our food and services.

We do not have room rental fees, but there is a food and beverage minimum requirement, which varies by date. When possible, we do our best to adjust them to fit the needs of the pharmaceutical regulations.
